**Round Rock, TX** – June 1<sup>st</sup>, 2010 – Tanning is big business and many sun lovers are now looking for safe alternatives that look like an authentic tan! Bronzed Envy not only offers powerful and safe sun tanning alternatives, it also provides a unique business opportunity. Airbrush tanning is easy, convenient and can be completed at home with just a few professional tools. Bronzed Envy provides everything that the novice entrepreneur or amateur tanner needs to get started and create success. Today, Orca Communications LLC is proud to announce Bronzed Envy as part of the Super Women, Super Companies Shared Spotlight campaign.

Answering to the outpouring of tanners looking for safe alternatives, Blakeley Smart created Bronzed Envy. Offering the latest in airbrush tanning tools and services, Bronzed Envy is the first company to offer “instant makeovers” at home and uses the finest equipment and formulas available. Smart is a certified Airbrush Specialist and is personally available to train and mentor entrepreneurs looking to join the Bronzed Envy team.

According to Smart, “Now my "fair skinned" family members and clients are in heaven, and so am I. I often hear the word "addicted" from my first time new, and now loyal clients. I love helping people to look and feel their best! I love seeing people with a renewed sense of confidence and excited about themselves! I love what I do and it shows!”

The Bronzed Envy buzz is already spreading throughout Texas and is making its way across the country and beyond. Airbrush tans are perfect for weddings, proms, base tan preparation for vacation and pool parties. Bronzed Envy offers tanning solutions and products based on their client’s need to find a "true" natural brown color from a tanning product on the market. To answer this need, Bronzed Envy created a “Signature Tanning Solution” that delivers a unique and real tan unlike any other on the market. BronzedEnvy.com is the one stop shop for everything tan related, including all the equipment necessary to start a successful business in mobile airbrush tanning.
