

## **BYE, BYE MUSCLE AND JOINT PAIN – HELLO NEW HEALING OIL**

*~ An All Natural Way to Feel Better Without a Prescription ~*

**Reno, NV** —July 6, 2010— Millions of Americans suffer from muscle and joint pain every day. Now there is some good news for those pain sufferers across the United States. The wildly successful Elmore Oil that has swept across Australia is now making a splash here state-side. Individuals do not need to suffer from joint and muscle pain anymore because Elmore Oil is an all-natural way to feel better without a prescription. Those suffering from arthritis can now breathe easier knowing there is an all-natural, safe and effective alternative to those expensive prescriptions they once had.

In fact, Elmore Oil is so effective that it is the preferred method of treatment for joint and muscle pain for many Australian Olympians. Elmore Oil is unique because of the four natural ingredients that make up the oil: Olive Oil, Tea Tree Oil, Eucalyptus Oil and Vanilla. The secret to this Oil's success has to do with the way its ingredients are mixed. The ingredients are specially matured over time which allows the ingredients to bind in the most effective and efficient way possible. Elmore Oil is the only product in the world to be blended using "triple maturation" providing a natural product that delivers the pain relief of a prescription product without any of the side effects. There are so many uses for Elmore Oil from lower back pain to muscle aches, hip pain and of course arthritis.

***About Gregor Johnson:*** Being a distributor for Elmore Oil is a third-act career for Gregor Johnson. Gregor was retired from working when he decided to get back in the game by buying the rights and bringing Elmore Oil to the United States. His story in and of itself is amazing because it was his father's pain that opened his eyes to this amazing oil in the first place. After using Elmore Oil, Gregor's father finally felt relief from his debilitating arthritis. Gregor wanted anyone suffering from muscle and joint pain to experience the kind of relief his father did from Elmore Oil. Gregor knows firsthand the life changing effects Elmore Oil can have on

individuals. That is the very reason he brought this amazing product to the United States and is helping people across the country feel better –one bottle at time!
